Community-Based Services

Codes S5012, S5101, and S5100 (including use with all modifiers) are billable in per diem, half per diem, and quarter per diem units. The maximum allowable unit(s) for day habilitation services is one unit per claim date of service. The per diem unit must be used for service greater than three hours per day. The half per diem unit is used for service between 1.5 hours and three hours per day, and the quarter per diem is used for service under 1.5 hours per day. The maximum allowable units apply to day habilitation service codes only. See Service Code T2003 for minimum/maximum units allowed for in-facility transportation services.

Codes T1019 (including use with all modifiers), which are effective October 1, 2022, are denoted for Individualized Support Services (ISS). Certain qualifying individuals may need supplemental one-to-one care to enable their participation in the day habilitation program. **The approved supplemental rates are listed in 101 CMR 348.03(6) and require prior authorization.**
